### Clinical Supplies, Materials and Logistics

#### Arrow QuickFlash Radial Artery Catheterization Kit 20g 1.5" (Lawson # 51647):

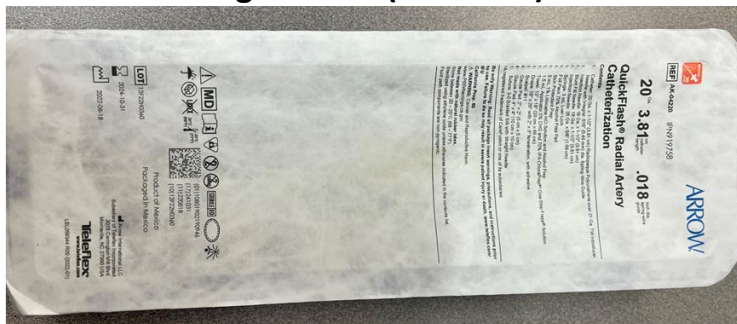

##### Problem:

- The Arrow QuickFlash Radial Artery Catheterization Kit 20g 1.5" is on backorder with no anticipated resolution date.
- These kits are used primarily on 6H, 6I, 8F, 9E, 9F, CGICU, ED, and are stocked in Central Distribution.
- These kits are also stocked in the Arterial Line Insertion Bins.

##### Action:

- The 20g 1.5" catheter in this kit is available separately (Lawson # 51648).
- Staff will need to gather the catheter and the following supplies during the backorder:
  - CHG skin prep
  - Drape
  - Lidocaine
  - 18g 1.5" injection needles
  - 3mL syringe
  - Scalpel
  - Suture w/straight needle
  - Gauze
