PURPOSE:

IX Drill extension for Edge and Chrome browsers will allow users to view and upload requisition images to Image Express through Lawson Requisition Center.

To load the IX Drill extension, open the Chrome/Edge browser and follow the link below:

<u>https://chrome.google.com/webstore/detail/ix-drill-</u> <u>extension/mafbblilecgdbheiflbjhnaiiiiahgfc?lawsonInstance=lawson/portal/,rqc/html</u> <u>&ixQE=https://mhcexpress.upstate.edu/</u>

When you see the blue banner across the page, look for the text in the banner that says: Allow Extensions from other sites.

- If you don't see the text You may already allow extensions and you can go to the next step
- If you see the text Click it to allow extensions

You will see a confirmation to allow extensions. Click Allow

Next step: Look for the button "Add to Chrome"
