

POSTER DIRECTORY – RESEARCH DAY 2024

Poster Location	Author	Poster Title	Book Page	Co-authors
36	Sean Tyndall	Capacity's Impact on The Use of Electroconvulsive Therapy in Individuals Suffering from Malignant Catatonia	1	Justin P Meyer & Kelsey M Wagner
11	Ejay Kao	Assessing the knowledge, attitudes, and practices of psychiatric trainees in the treatment of mental health disorders associated with infertility	2	Ejay Kao, Elizabeth James, Kristina Deligiannidis, Ljiljana Marina, and Nevena Radonjic
3	Ankita Saxena	Application of Graph Neural Networks to Genomic Data for Predicting ADHD	3	Stephen V Faraone
25	Nayla Khoury	Building Resilience: The Role of Trauma-Adapted Yoga (TAY) in Staff Wellness Initiatives	4	Theresa Chung, Jacquelynn S Duquette, Kathryn M Hagen, and Nayla M Khoury
26	Nayla Khoury	Riding the wave: A wellness intervention for healthcare providers using Trauma Adapted Yoga	5	Theresa Chung & Mihika Nepal
7	Cynthia Weickert	Peripheral markers of blood-brain barrier disruption and immune cell transmigration are related to a sociality and mesial temporal lobe cortical thickness reductions in neuroinflammatory schizophrenia	6	Cynthia S Weickert, Roxanne Daniels, John Burns, Yunting Zhu, and Thomas W Weickert
16	Jack Cimino	Prolonged Maturation of Perineuronal Nets in the Human Prefrontal Cortex	7	Maree Webster, Yunting Zhu, Juliana Natale, Rachel Sager, Rick Matthews, and Cynthia Shannon Weickert
32	Thomas Weickert	Neutrophil to lymphocyte ratio as a measure of peripheral inflammation and reduced grey matter volume in schizophrenia and related psychoses	8	Thomas W Weickert, Seetha Ramanathan, Samantha Ballas, Maryanne O'Donnell, Dennis Liu, Cherrie Galletly, Rhoshel Lenroot, and Cynthia S Weickert
31	Stephen Glatt	An Analysis of 'Effort' and Psychopathology in Children: Imputation of Brain-Region-Specific Gene-Expression Levels with BrainGENIE	9	T. Mitchell Mazza, Jonathan L Hess, Nicholas H Nguyen, Jiahui Hou, Avery B Albert, Sarah Elfstrom, Patricia Forken, Steven D Blatt, Wanda P Fremont, Stephen V Faraone, and Stephen J Glatt
20	Jonathan Hess	Polygenic Resilience Scores are Associated with Lower Penetrance of Schizophrenia Risk Genes, Protection Against Psychiatric and Medical Disorders, and Enhanced Mental Well-Being and Cognition	10	Eric J Barnett, Jiahui Hou, Stephen V Faraone, and Stephen J Glatt
8	Daniel Nichols	Insomnia and E-Cigarette Use: A Case Report	11	Jiwon Kim, Tolani Ajagbe, and Zsuzsa Szombathyne Meszaros
2	Ali (Shervin) Razavi	Brain-regional gene expression imputed from the blood transcriptome by BrainGENIE recapitulates dysregulation observed in the postmortem brain in Alzheimer's disease	12	Jiahui Hou, Ali Razavi, Shu-Ju Lin, Jonathan Hess, Chunling Zhang, and Stephen J Glatt
41	Charlene Esteva	Decreasing Morbidity and Mortality among Unhoused through Universal Varenicline Distribution	13	Sunny Aslam
15	Ismet Yesilada	The prevalence of reported allergies in persons with borderline personality disorder	14	Mina Hagen, Gracy Lin, Bennett Simone, and Nevena Radonjic

24	Luba Leontieva	Correlation between PANSS N5, Mood Differentiation Questionnaire, and Pictogram Test scores in diagnosing patients with Schizophrenia	15	Palak Atul Fichadia, Hotaik Sung, Sreya Kongala, Daria Weber, Dongliang Wang, and Luba Leontieva
22	Junchi He	Dissecting the role of epigenetic reader PHF21B in social interaction	16	Huang, Yike, Ma, Qi, Ruan Hongyu, Licinio, Julio, and Wong, Ma-Li
39	Tyrrell Baker	Neurofeedback in the treatment of anxiety, depression, stress, and trauma	17	
30	Stephanie Carbone	Trauma-adopted yoga for inpatient adolescents	18	Emily LePage, Jacquelynn Duquette, John Cote, Cecelia Peters, Yanli Zhang-James, Kathryn Hagen, and Nayla M Khoury
12	Emily Ferris	Resurgence following voluntary abstinence from alcohol self-administration in rats	19	Kate E Derrenbacher, Charlene N Agnew, William E Sullivan, Emily L Baxter, Henry S Roane, and Andrew R Craig
42	Beatriz Arroyo Antúnez	Alternative-reinforcer magnitude effects on resurgence across successive relapse tests in mice.	20	Beatriz Arroyo, Kate E Derrenbacher, Charlene N Agnew, William E Sullivan, Henry S Roane, and Andrew R Craig
13	Guarav Taneja	Tug of war between clozapine and CYP450 inducers	21	Luba Leontieva
29	Saaduddin Shaikh	Exploring Neurotransmitter Imbalance Hypothesis: A Case Report of Bupropion, Delta-8-THC, and Nortriptyline Use in a Catatonic Patient	22	Saad Ather & Scott F Ulberg
28	Rogayah Alamarie	Impact of cortisol on differentiation of neural progenitor cells to neurons	23	Abigail McVearry, Richard Kopp, and Chunyu Liu
4	Ankita Saxena	Aggression and Reward in Families of Children with Features of Bipolar Disorder and other Psychiatric Features	24	Ankita Saxena, Jordan Donegan, Steven D Blatt, Wanda P Fremont, Stephen J Glatt, Stephen V Faraone, and Yanli Zhang-James
18	John Clay	Post-COVID-19 Mental Health Distress in 13 Million Youth: A Retrospective Cohort Study of Electronic Health Records	25	Yanli Zhang-James, John W.S Clay. Rachel B Aber, Hilary M Gamble, and Stephen V Faraone
17	Jai Ahuja	Ketamine Kaleidoscope: Challenging Conditions, Personality Perils and The Demand for Diligent Follow-up	26	Jai Ahuja & Luba Leontieva
40	Aparajita Baral	The Role of CYLD-M719V in Frontotemporal Dementia Pathogenesis	27	Aparajita Baral & Wei-Dong Yao
9	Aya Kobeissi	Oxytocin in the dorsomedial prefrontal cortex regulates empathy-driven consolation in mice	28	Wei-Dong Yao
14	Hanqing Luo	Associations Between Overweight, Obesity, and the Risk of Dementia: Evidence from a Large-Scale Cohort Study	29	Xiaoxiao Song, Tatiana Mikhailova, and Chunyu Liu
23	Kathleen Hensin	Risk Factors for Suicidal Behavior in Youth and the Impact of SARS-CoV-2 Infection: A Retrospective Case-Control Study	30	Michelle Montero, Stephen V Faraone, and Yanli Zhang-James
5	Cecilia Zemanek	Psychiatry Resident Compliance With the Informed Consent Process for Voluntary Psychiatric Hospitalization	31	James Knoll

21	Joshua Schaeffer	A Meta Analysis of Treatment Efficacy in Intermittent Explosive Disorder	32	Joshua Schaeffer, Justin Lok, John Paliakaraa, Yanli Zhang-James, and Joseph Strayhorn
1	Abha Japi	Psychiatric Sequelae of the SARS-CoV-2 Infection in Children and Adolescents: A Systematic Review and Meta-Analysis	33	Abha Japi, Rachel B Aber, John Clay, Therese Biazon, Nicholas Vazquez, George Saad, Reem Dergham, Anson Cheng, Jonny Zhao, Cathy Liu, Abigail Smith, Stephen V Faraone, and Yanli Zhang-James
35	Yike Huang	Transcriptome analysis provides insight into the role of the epigenetic reader PHF21B in modulating murine synaptic plasticity	34	Junchi He, Qi Ma, Hongyu Ruan, Julio Licinio, and Ma-Li Wong
37	Rukayat Ibrahim-Abdulkareem	Role of dorsomedial prefrontal cortex SST-inhibitory circuit in consolation behavior	35	Wei-Dong Yao and Huihui Dai
6	Cecilia Zemanek	A Case of Suspected SSRI- Activated Postpartum Psychosis in a 9-month Postpartum Woman.	36	Nevena Radonjic
33	Yanli Zhang-James	Time on Task in Psychotherapeutic/Psychoeducational Intervention with Intermittent Explosive Disorder.	37	Joseph Strayhorn & Stephen V Faraone
34	Yanli Zhang-James	Cardiometabolic Comorbidities of ADHD	38	John Paliakara, Ruth S Weinstock, and Stephen V Faraone
19	John Paliakara	Psychiatric, Neurological, and Somatic Comorbidities in Intermittent Explosive Disorder: a retrospective cohort study of electronic health records.	39	Yanli Zhang-James, John Paliakara, Joshua Schaeffer, Joseph Strayhorn, and Stephen V Faraone
10	Diane Mathew	Feasibility of Using Dynamic Assessment of Situational Aggression (DASA) Scoring to Reduce Violence on An Inpatient Psychiatric Unit	40	Diane Mathew, Dongliang Wang, Derek Empey, Elena Carmen Nichita, and Lubov Leontieva
38	Qiuman Liang	Using co-expression networks of transcriptome, translome, and proteome to dissect the risk of schizophrenia	41	Qiuman Liang, Yu Wei, Chao Chen, and Chunyu Liu
45	Jason Grullon	Suvorexant-Induced Suicidal Ideation Following Initial Dosing in a Patient with Chronic Insomnia: Prolonged Driving and Dissociation	42	Sai Gillela & Luba Leontieva
43	Rachel Aber	Demographic and Clinical Profiles of Hormonal vs. Non-Hormonal Intrauterine Device (IUD) Users in Real-World Settings	43	Rachel B Aber, Raveena Gill, Yanli Zhang-James, Nevena Radonjic
44	Szombathyne Meszaros	MINDonline: A Novel approach to treat nicotine dependence	44	Baris Ors, MD, Susan Sperry, PhD, Tolani Ajagbe MD, Mandy Kirsch MS, CRC, CVE, CTTS
27	Chunyu Liu	A Unified Model of Psychological Stress	45	Haixia Gu, Yangyang Lei, Yun Zhang, Junhua Dang, Chao Chen
