

## EXCEPTIONAL MOMENTS

## IN TEACHING

The College of Medicine recognizes exceptional teachers with the monthly “Exceptional Moments in Teaching” program. Honorees are selected via student assessments from courses and clerkships.

Recognized teachers — including medical faculty, residents, nurses and other educators — are those who challenge students and provide an exceptional learning experience.

**Dana Mihaila, MD, PhD** is an Assistant Professor of Cell and Developmental Biology and Research Assistant Professor of Neurology. She is the April 2020 Recipient of the **Exceptional Moments in Teaching** recognition.
